VOLUME XXIV NO. 19

CROSSFIELD, ALBERTA, CANADA, THURSDAY, APRIL 4TH 1940

5 CENTS A COPY

## PUBLIC DEBATE AND ENTERTAINMENT

The Carstairs High School will meet the Crossfield High School in public debate, on the evening of April 12 in the U.F.A. Hall, on the resolution that, "The Education which the Youth of Canada receive today is largely Propaganda". This should be a good debate and of interest to all. The general public are invited.

In addition to the debate, the Committee on Social Activities have arranged for an unusual entertainment which will immediately follow the debate. Social activities between schools are being emphasized these days more than they were formerly, and through the co-operation of Miss Gish, a former member of the Crossfield High School staff, a number of Calgary high school girls will be present to take part in the entertainment.

In this connection special mention must be made of Daisy Anderson and Muriel Niven—the former is receiving much praise for her aesthetic and acrobatic dancing while the latter is known as Calgary's "Deanna Durbin". Both these girls are arranging to be present if possible.

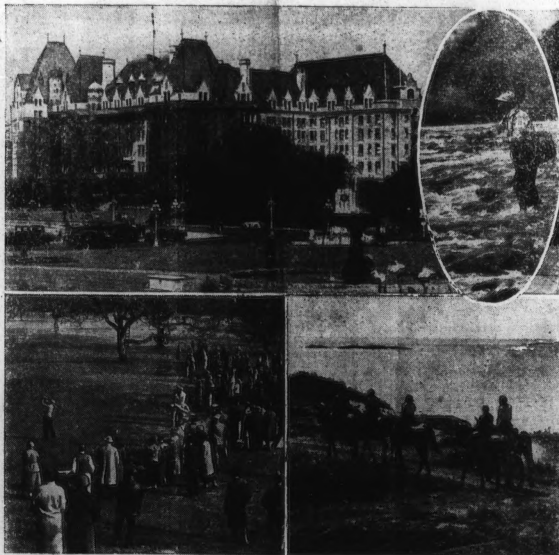

The committee is endeavoring to make this program meet the policy of the Crossfield High School to offer creditable entertainment and we may therefore assume that the patrons and friends will take advantage of the opportunity to enjoy a profitable evening. They hope that an admission of twenty cents will meet the expenses of the program.

## Village Council Meeting

The Village Council held their regular monthly meeting Monday, April 1st, with Mayor Wood, councillors Hurr and Asmusen, and secretary T. Tredaway present.

The meeting opened with the reading of the minutes of previous meeting, and was approved as read. An application for financial assistance was laid on the table for further information. Discussion re opening of Nanton Street east from Railway street, was left over for further developments. Application for permit to build a residence in West side was returned for more detailed information and plans. Permit for building oil warehouse by E. W. Hoover on rear of Railway street property was approved on condition that plans and specifications comply with Village by-law. Application to rent a house, the property of the Village was refused, until a later date. Application to rent garden plot on Village property was granted at \$1.50. It was reported that a number of windows have been broken at skating rink since the rink closed, and a close check will be kept on individuals trespassing thereon.

## Victoria, Canada's Evergreen Playground Calls to Country's Sports Loving People

### LOCALS

Frank Moen is in Calgary this week attending the B. A. car servicing school.

George Becker of Royalties spent the week-end visiting relatives here.

Albert Piper who was taken suddenly ill Wednesday, is slightly improved.

Miss Cora Hall returned to Calgary Sunday night after spending two weeks visiting at her home here.

Mrs. C. Calhoun reported to us last Friday, March 29th, that she had seen two pair of robins in her yard that morning.

J. B. MacLaren of Bowden was a visitor in town on Wednesday and attended the funeral of Mrs. Fox. Mr. MacLaren is a pioneer of Crossfield.

A capacity crowd filled the U. F. A. hall last Saturday afternoon to see the picture show and power farming entertainment, presented by the McCormick-Deering Company and their local dealer, Wm. Laut.

Complimentary to her sister, Mrs. P. C. McCrae, who is her guest, Mrs. R. T. Amery entertained at a delightful dinner bridge on Friday evening last, when covers were laid for eighteen. Honors for high scores went to Mr and Mrs. M. N. Jones, with Mrs. P. H. Fleming and Doug. Hall winning the consolation.

### C. D. S. Want To Laugh?

If you do, get your tickets in advance for the new and riotous farce entitled "Aunt Tillie Goes to Town", that is to be presented at the U. F. A. Hall in Crossfield on the evenings of April 10th and 17th. This bright and amusing play was written by Wilbur Braun for Samuel French, the largest play publishers in the world, and is being given here by special arrangement with said publishers.

The Cast is as follows: Lucinda Talbot, her maid, anxious to be married — Louise Robinson. Pamela Marsh, Aunt Tillie's charming niece — Irene Walker. Lizzie Parsons, an aspiring young novelist — Mildred Metherell. Ellen Neeland, who appears suddenly — Pat Waterhouse.

Roland Howland, who always has an explanation for everything — Harold Mair.

Lucas Lorrimer, Ronald's wealthy employer — Nyall Tweedie. Mervin Tucker, who is in a peck of trouble — Frank Murdoch. Charlie One Lung, a Chinese cook — Ernest Tweedie. Mrs. Tillie Tucker, Mervin's aunt — Anne Cameron. Dr. Hattie Bigg, a chiropractor — Irene Hesketh.

When purchasing your tickets remember, besides securing yourself of a fine evening's entertainment, you are also aiding the United Church and the High School students who are sponsoring both performances of this play.

### LOCALS

Miss K. Fitzpatrick was a visitor in Calgary on Monday.

Mrs. L. Overby is visiting her daughter, Mrs. G. D. Zang, in Calgary.

Teachers were all back from holidays and on duty Monday morning when the local school reopened after the Easter recess.

News item from the Chronicle of April 12, 1934: It is nice and warm at present; farmers are all working on the land and some seeding has been done.

The Baseball dance advertised for Friday night, April 5th, has been cancelled, owing to road conditions.

The Canadian Red Cross Society has made a nation-wide appeal for the names and addresses of Canadians who have joined the Royal Air Force in Great Britain. This information can be conveyed to the local Red Cross or to the Red Cross Society, 621 Jarvis St. Toronto.

The Ladies' Aid held their regular monthly meeting this afternoon instead of Wednesday, with Mrs. P. H. Fleming presiding. The devotional period was led by Mrs. Ballam. Arrangements were made to hold a "Casserole Dinner" and social evening on Thursday, April 25th, when it is hoped to have a good old-fashioned "get together" and all are invited to keep that date open.

## Beloved Citizen Laid To Rest

Crossfield lost one of its oldest and highly respected oldtimers when Mrs. Mary Ann Fox, aged 82, passed away at her home early Sunday morning, March 31st, following a lengthy illness.

Born at Eakesley, England, she came to Canada in 1885, shortly after her marriage to George Fox, and lived in London, Ontario, until 1905, when they moved to Alberta and took up farming in this district. In 1921 they took up residence in Crossfield, where Mr. Fox died in March of 1931.

Left to mourn her loss are two sons, Edward and Charles, with their families, of the Crossfield district, and one sister in England.

Despite bad weather and poor condition of roads, a large number of friends were present when funeral services were conducted at 2:30 Wednesday afternoon at the Crossfield Anglican church, of which Mrs. Fox was a member of many years standing. Rev. A. D. Currie officiated. The many beautiful floral offerings testified to the high esteem in which Mrs. Fox and her family are held.

Interment was made in the Crossfield cemetery, with McInnis and Holloway in charge of arrangements.

Pallbearers were Jas. Belshaw, Wm. Urquhart, S. Willis, T. Tredaway, J. McClaren and E. Carlstrom. Sincere sympathy is extended by the entire community to the bereaved family.

## MASONS HOSTS TO LADIES

The Masons held a very enjoyable "Ladies' Night" last Thursday evening, when they entertained their wives and families at a social, concert and luncheon. Mr. and Mrs. W. H. Miller of Olds, Mrs. C. Pogue of Turner Valley, Mr. and Mrs. H. P. Wright and Mr. and Mrs. Paul Allen of Airdrie, were among the visitors from out-of-town.

## UNIVERSITY SUMMER SCHOOL

The annual summer school of the University of Alberta will open July 3 this year, it was announced during the week. Thirty courses will be offered, and three visiting professors will swell the number of lecturers to twenty-four. The visitors are E. A. McCourt, professor of English at the University of New Brunswick; Joseph E. Morsh, assistant professor of psychology at British Columbia University, and H. Douglas Woods, assistant professor of political science in Manitoba. The school will be conducted jointly in connection with the department of education summer school, as in the past.

Thursday April 4th 1940

Quite a little has been said for the good features Nanton street east would have if opened up for general traffic through to the highway. At the present time the street is open across the C.P. tracks to the elevators, and if completed through to the highway it would serve to advantage a big percent of traffic.

Local authorities who see the advantages of opening up this street should get together and compile their arguments for review when a meeting is called.

Crossfield can stand a big increase in business, and if opening up this street to the highway would assure an increase we should have it open. On the other hand if any enormous sum was required to complete the project a different view would be presented. However the scheme is worth looking into before being cast away as just another dream.

Our business community may to some seem hopeless at times, but better conditions can be brought about if we are alert to the opportunities that do pass this way at times.

Mobile tea vans which follow the troops on manoeuvres are a popular inaugurating in England for the Canadian Active Service Force. Seven of these vans, four donated and three purchased by a welfare society, are catering to the troops. Hot coffee, tea, buns and cigarettes are provided for the soldiers at intervals of freedom from duty.

Twenty-four hours after the inauguration of French courses was announced for Canadian troops in England, two thousand men had volunteered to follow lectures

All modern methods of education are brought into play in the educational plan for soldiers overseas. Linguaphones, for instance, are used to teach conversational French. A cinema van, donated by the Britannia League is used for entertainment and educational purposes.

## That Luscious Lima Bean

By BETTY BARCLAY

We force ourselves to eat many foods because we are told they contain some vitamin or mineral we need. So far as Lima beans are concerned, we eat them because we like them — a mighty good reason for eating any food. Check the orders in your favorite restaurant when Limas are listed with the vegetables, and see how consistently they are ordered.

Yet that luscious Lima bean is far more than an enjoyable food. It tops the list of alkaline-reaction foods that are needed to offset acidity. It contains more calcium than lean beef or eggs; more phosphorus than milk or lean beef; more sulphur than milk or potatoes; and more iron than any of these other foods. It's an excellent source of those minerals so necessary to perfect health.

Now that cooked dried Limas are available anywhere in cans and hot spritzing dishes are particularly desirable to protect the body from cold, the following recipes for Baked Limas with Marshmallows (see illustration) and Lima Chowder are presented to you as tasty treats for nineteen forty:

**Baked Limas with Marshmallows**  
3 cups cooked dried Limas  
1/2 teaspoon salt  
1 1/2 tablespoons butter

**As lemon meringue pie is a favorite with both young and old, I have chosen the following as this month's star recipe.**

Try it and see if you don't agree with my choice. Yes! I am giving the meringue recipe also. Follow both carefully and your dessert that day will be a thrilling dinner finish.

**Sunkist Lemon Meringue Pie**  
1 cup water or milk  
1/2 cup sugar  
1/2 teaspoon salt  
5 tablespoons grated lemon peel  
5 tablespoons cornstarch  
1/2 cup cold water  
2 well-beaten egg yolks  
1 tablespoon butter  
6 tablespoons lemon juice

Bring water or milk, sugar, salt and lemon peel to a boil in saucepan on direct heat. Add cornstarch, blended with 1/2 cup of cold water. Cook over low heat until thickened (about 5 minutes), stirring constantly. Remove from heat. Add separately, mixing well after each addition, the egg yolks, butter and lemon juice. Pour filling into baked pastry shell.

When filling is cool, top with a meringue, made from:

2 egg whites  
4 tablespoons sugar  
1 teaspoon lemon juice  
Beat egg whites until frothy. Add sugar gradually. Continue beating but only until egg holds its shape in peaks. Fold in lemon juice. Brown pie in moderate oven (325° F.) for 15 minutes. (Makes one 8-inch pie.)

Note the three lemon pie tricks that are followed in this recipe. Trick one — add lemon juice and egg to pastry mix — results, flaky crust of a superior tenderness. Trick two — cook filling first, then add freshly squeezed lemon juice after the cooking flame is out — results, a filling fragrantly fresh in flavor. Trick three — add a little lemon juice to the meringue — results, a more tender, easy-to-cut meringue.

## Line Elevator Agency Makes Interim Payment

An interim payment of 14 cents per bushel on wheat handled through Grain Sales Agency, Limited, operating under the Wheat Co-operative Marketing Act (1939), was announced this week. Grain Sales Agency is comprised of 2200 line country elevators. Under the Wheat Co-operative Marketing Act the line elevators accepted grain from farmers who wished to pool it. An initial payment of 56 cents per bushel, which payment was guaranteed by the Dominion Government, was made.

## The Vegetable Garden

A well-kept vegetable garden, sufficiently large for the needs of the family, is always desirable but even more so this year when our nation is at war.

A little extra care in selecting and preparing a suitable plot may mean the difference between success and failure, and this is especially true if moisture is lacking. A vegetable garden will not be successful unless it is properly cared for. Proper shelter, good soil, well prepared and fertilized, are necessary. The garden should be planned and seed carefully selected.

"Vegetables for Prairie Farmers" is a new bulletin recently issued by the Dominion Department of Agriculture, which discusses many of the above topics. Those interested would do well to write for a copy this publication.

### OF COURSE!

The train was just pulling out when a breathless lad dashed up to the ticket window.

"Hurry up," he gasped. "A round-trip ticket."

"Where to?" asked the agent.

"Why, back here. Where do you think?"—St. Petersburg Pilot

### THE TEST OF MAN

There's little satisfaction to be gained from doing things That hold no difficulties; it's the tough old task that brings Keen sense of worth and power to the man who wins the fight: His failures test his courage and his problems prove his might; Until a man has conquered loss and overcome defeat, He cannot understand just why success is sweet.

I'm thankful for my disappointments for the battles lost. And for mistakes that seemed to charge an overwhelming cost; I'm thankful for the days of doubt when it was hard to see That all things work together for the good that is to be; I'm glad for all that life has brought because today I know That men must brave adversities if they would greater grow.

O Lawrence Hawthorne

### Proved His Point

"Patience and perseverance will accomplish all things" said a passenger in a railway compartment. "Nonsense, sir!" said a fellow-passenger. "Will patience and perseverance enable you to carry water in a sieve!" "Certainly!" "I would like to know how?" "By waiting patiently for the water to freeze."

## The World of Wheat

By H. G. L. Strange

A week or so ago this column referred to an uncommonly good book written by Mme. Tabouis, on the life of Nebuchadnezzar, the King of Chaldeia, who reigned some 500 years B.C.

Nebuchadnezzar, Mme. Tabouis tells us, became a great world conqueror. He subdued the kingdoms of Assyria, Duma, the Medes, Jerusalem and of the Jews, and a number of others including Mesopotamia; and then he obtained control of the lands which opened up into the Mediterranean. Nebuchadnezzar, however, held one important principle in mind in all these great conquests, which our statesmen of the modern world, it would seem, might well meditate upon.

Nebuchadnezzar realized that the only way dominion over other lands and over other people could be transferred into wealth and satisfaction for his own people was, as he put it, "By the normal working of economic affairs and not by military supremacy alone," and to bring about this desired

result Nebuchadnezzar energetically set himself to work to encourage trade and commerce between the different countries. The King also encouraged particularly the business of the merchants, all so that the standard of living of all the people, even of those in the conquered countries could become enhanced.

Following reports have tended to raise price: Factors indicate U. S. winter wheat crop will be smallest in 40 years. Cereals Control Board in England has advised millers to use at least sixty percent of Manitoba wheat—There will be practically no "carry over" of old corn in the Argentine.

Following factors have tended to lower price: Spring ploughing and seeding now proceeding actively in Western Europe—Argentine exporting large quantities of meat to Italy, France and Great Britain—Weather conditions in Central China are favorable for crops—Japanese wheat seeding for 1940 is placed at about 10 per cent above 1939 seeding.

## Live Stock Precautions

Spring is the time of year when the stockman may employ a number of inexpensive, simple and effective precautions to safeguard the health and quality of his farm animals.

Before spring work commences horses should be vaccinated for Equine Encephalomyelitis. The fact that an outbreak did not occur last year is attributed in part to the response horse owners made to the campaign for vaccination. This year it is even more important to protect the health of our farm power and the cost of vaccinating is so small, that it is really a cheap insurance against losses.

Owners of cattle, whether beef or dairy, realize the losses which occur every year from warbles. Not only is the general thriftiness of the cattle lowered but serious reduction of milk flow occurs in fly time while hides and beef carcasses affected with warbles are heavily discounted. For a few cents per head, a derris powder wash properly applied to the backs of the affected animals will destroy the warbles. If a warble campaign can be organized on a community basis, so much the better, but treatment of single herds is also beneficial.

Pigs which are born from October to May are subject to anaemia. This condition results from a lack of iron that is normally obtained from rooting outside in the ground. Anaemia can be effectively prevented by giving each piglet as much reduced iron as will lie on a small five-cent piece, on the 7th and 14th days after birth.

Bulletins giving further particulars on the above subjects may be obtained from the Agricultural Extension Service, Department of Agriculture, Edmonton.

## District Stockmen Win at Stock Show

A number of district farmers and stockmen are taking in the Stock Show and Sale in Calgary this week.

Among the prize winners we note the following:

For Pure bred or Grade steers or heifers bred and owned in Alberta showing predominating Shorthorn characteristics; 4th, John Yellowlees, Crossfield.

Beef Steer, under 1,000 pounds; 6th, Lila R. Havens, Crossfield.

Hereford Bull born in 1939, on or before April 1st; 4th, "Dan Domino", Norman Simpson, Airdrie.

Hereford Bull, born in 1938, on or after July 1st; 4th, "W. S. Baldwin 169th", Frank Collicutt, Crossfield.

Class B. Judging Competition, Heavy Horses, for girls and boys 14 years and under 17; 6th, John

Yellowlees.

Class D. Judging Competition, Light Horses, for girls and boys 14 years and under 17; 1st, Norman Simpson.

Class E. Judging Competition, Beef Cattle, for girls and boys 10 years and under 14; 2nd, Alex Simpson, Airdrie.

Class F. Judging Competition, Beef Cattle, for girls and boys 14 years and under 17; 1st, John Yellowlees.

When the Canadian troops move to France they will have direction of their own cantens. At present in England these are provided by British auxiliaries.

Mention was made recently over the air in Britain that Canadian soldiers lacked reading matter. Two days later 5,000 books had been donated. Another generous Britisher supplied 500 radios free of charge.

## HYGEOL FOR WHITE DIARRHOEA IN BABY CHICKS

White diarrhoea presents a serious problem to both large and small poultry raisers. In many cases the chick is actually carrying the germ when hatched. Treatment therefore should start as early as possible using 1 ounce HYGEOL to every gallon of drinking water, for the first three days, then, as a prophylactic treatment, 20 to 30 drops in each gallon of drinking water.

## Britain's Lightships

Tossing on the waters that fringe the coasts of Britain are 45 small ships. Week after week, year after year, they stay there, straining on their anchor chains as gales buffet them. They are the lightships of Britain whose sole job is to warn the ships of every nation of the perils of hidden sands and reefs.

Yet one of them—the East Dudgeon—was singled out on January 29 for a vicious attack by a Nazi bomber. Nobody expected that the enemy would commit such an outrage. As the sole survivor of the crew of eight said: "We were not alarmed, because on previous occasions German pilots had waved to us and left us alone. But on this occasion the bomber dived suddenly and sprayed the deck with machine gun bullets and dropped nine bombs the last of which hit our ship."

The Prime Minister has decried this as an act "of pure gangsterism."

Britain, even in time of war, regards lightships as outside the scope of hostilities and British light ships, as the Prime Minister stressed, "are not yet utilized to report the presence of enemy craft in their vicinity". Enemy attacks on them can serve no military purpose and have no effect on the result of the war.

The first lightship to be placed in English waters was that stationed at the Nore in 1732.

Today there is still a lightship there with the name of her station painted in huge letters on her side. Every lightship carries the name of its station and, on its mast, has a symbol, usually a huge hollow globe showing that it is a lightship. So there can be no question of mistaken identity when such a ship is attacked. Besides the 45 lightships always on duty, there are nine spare relieving vessels. The crew consists usually of eleven men, seven on board and four on shore. The men spend one month on shore for every two on board. Wrought iron chains attached to two mushroom-shaped anchors each weighing three tons, keeps the ships at their stations. In addition to the light, the majority of the ships have sirens or horns for use in fog. And there are eleven North Sea lightships fitted with wireless for life-saving purposes.

Everything is done to make the life of the crew comfortable. But, when the wind rises, waves somewhat batter the ship for days on end. But they carry on with their job—the job of keeping their light burning as a warning beacon to every passing ship. The sailors of the world are grateful to them. And in the ships of the seven seas, wherever sailors gather together, this latest Nazi atrocity will be condemned.

Men laughed and jeered.

Some mourned.

Some recognized identity.

He rose from the tomb.

Men doubted.

Some believed.

And knew an Easter's dawning.

That was nineteen hundred years ago;

And, so it is today.

—Lillian Collier Grey.
